

TECHNICAL DATA SHEET

Product	Nicotinamide riboside
Chemical Name	BETA-nicotinamide ribose; Beta-Nicotinamide Riboside
CAS	1341-23-7
Chemical Formula	C ₁₁ H ₁₅ N ₂ O ₅ ⁺
Molecular Weight	255.25
EINECS Number	1308068-626-2
Molecular structure	

SPECIFICATION :

ITEM	STANDARD LIMITS
Appearance	White or off white crystalline powder
Purity	≥98%
Identification	NMR,HPLC

Packaging :

25kgs drum or pack as customer requirements.

Application:

- 1) It is mainly used in the biochemical field.
- 2) It is used as raw material of anti-aging health products..

Shelf Life:

2 years in original packaging containers.
