Add: No.2000 Shunhua Rd, High-Tech Zone , Jinan City, Shandong Province, China  
Contact: +86-18653132120

**Product name:LIGNOSULFONIC ACID, CALCIUM SALT**

**CAS:8061-52-7**

**Molecular Weight:528.61**

|   |              |                       |
|---|--------------|-----------------------|
| Appearance                                  | Brown powder | Meets the requirement |
| Moisture                                    | $\leq 5.0\%$ | 3.2                   |
| PH value                                    | 8--10        | 8.2                   |
| Dry matter                                  | $\geq 92\%$  | 95                    |
| lignosulphonate                             | $\geq 50\%$  | 56                    |
| Inorganic salts( $\text{Na}_2\text{SO}_4$ ) | $\leq 5.0\%$ | 2.3                   |
| Total reducing matter                       | $\leq 6.0\%$ | 4.7                   |
| Water insoluble matter                      | $\leq 4.0\%$ | 3.67                  |
| Calcium magnesium general quantity          | $\leq 1.0\%$ | 0.78                  |

## Application:

Granulating agent for limestone and ores, compaction aid for coal and metal wastes, and dispersing agent for gypsum and clay slurries.
