

TECHNICAL DATA SHEET

SPECIFICATION :

| ITEM | STANDARD LIMITS |
|-----------------------|-----------------------|
| Product Name | PBZ |
| CAS Number | 50-33-9 |
| Content | ≥99% |
| Appearance | white powder |
| Density | 1.11g/cm ³ |
| Melting point | 100-104°C |
| Flash point | 184.3°C |
| Ash | ≤0.3% |
| Absorption wavelength | 289nm |

Packaging :

25kgs drum or pack as customer requirements.

Application:

Suitable for: UV polymerization of corresponding resins together with tertiary amine complexes.
Clearcoat, plastic coating, wood coating, adhesive, offset/screen printing ink, flexographic printing ink.
